The Enablers Group of Companies undertakes a diverse range of projects aimed at empowering individuals and driving growth. From eCommerce and IT initiatives to skill development, schools, and colleges, each project reflects our commitment to innovation and creating opportunities for success across multiple sectors.

Enablers is directing the people of Pakistan towards business growth, working on the biggest markets of the world, and becoming successful entrepreneurs.

ECOT combines business and technology for practical skills. Offers hands-on learning, and entrepreneurial mindset and aligns with global trends. Empowers students with theoretical and practical knowledge for academic excellence.

SOE provides skills-based learning with appropriate classroom environment in which individuality, problem-solving skills, critical thinking skills, teamwork and active learning are established at the same time as knowledge is acquired.

To promote the eCommerce ecosystem and reshape the workplace culture in Pakistan, Enablers has introduced WORC—Working On Real Collaboration across the country.

We are committed to offering businesses all around the world the best UI/UX design, web app development, mobile app development, Q/A testing, and custom software development services.

This platform allows each member to meet like-minded people and collaborate on business ideas with those who are present in an ecosystem only for that purpose.

Posh Notch by Sagib Azhar is a fashion brand and a virtual store inspired by the creation of class and elegance of all eastern and western clothing for both men and women in Pakistan.

Young Innovators is Pakistan's first Youth Incubation Centre where the young generation, under the age of 20, innovates and transforms ideas into ventures. Together, let's harness the power of youth and shape a brighter future, creating young leaders.

The Enablers Group recognized nationally and internationally, has made significant strides in eCommerce, skill development, and education.

❖ **Best eCommerce Company Award 2020-2021**

Enablers honored for excellence in eCommerce and supporting thousands of entrepreneurs.

❖ **Best Skill Learning Platform of the Year 2022**

Enablers celebrated for delivering impactful digital skills and entrepreneurship programs.

❖ **Brand of the Year Award 2023-2024**

School of Enablers is recognized for its focus on skill-based learning and character-building.

❖ **International School Award at the Global Education Conference 2024**

The School of Enablers is acknowledged for its exceptional standards and integration of global educational practices.

» **Facilitation of Employment Opportunities:**

Through Enablers ecosystem, Enablers has facilitated the hiring of thousands of individuals every day, contributing to reducing unemployment and fostering economic prosperity

» **Impact on Millions of People:**

Enablers initiatives have positively impacted the lives of millions of people, empowering them with the skills and knowledge needed to succeed in today's digital economy.

» **Establishment of the World's Largest eCommerce & Skill-Based Group:**

Under Enablers leadership, the eCommerce marketplace in Pakistan has grown from \$1 billion to \$7.5 billion over the past six years, demonstrating his profound impact on the sector's expansion.

» **Significant Growth in eCommerce & IT:**

Under Enablers leadership, the eCommerce marketplace in Pakistan has grown from \$1 billion to \$7.5 billion over the past six years, demonstrating his profound impact on the sector's expansion.

» **Entrepreneurial Mentorship:**

Enablers dedication to providing mentorship and guidance to aspiring entrepreneurs, helping them navigate the complexities of starting and scaling their businesses. Enablers mentorship programs have empowered individuals to overcome challenges and achieve success.
